## Child Protection Policy

### INTRODUCTION:

St. Joseph's is a Catholic school community that is committed to providing a safe, healthy and happy environment for all children.

This Child Protection Policy is framed within the overarching Vision Statement for South Australian Catholic Schools:

“Catholic Schools educate young people in all dimensions of life  
by developing the whole person.”

St. Joseph's is a community which:

- Names and witnesses to Gospel values.
- Respects the dignity and worth of each individual.
- Values working in partnership.
- Challenges and encourages each member of the community to search for the truth in all things.

St Joseph's School operates in a wider community context where legal requirements exist and where they have an obligation to:

- protect children.
- provide a secure environment where children can be safe and feel safe.
- intervene on behalf of children.
- actively work towards empowering children.
- ensure the principles of care, protection and safety are implemented.

### PRINCIPLES:

The safety and well-being of the child must be the paramount consideration in every situation.

The dignity and worth of the human person is fundamental to Catholic teaching.

Children have the right to be safe and to feel safe.

Children's development is dependent on the quality of care provided by the significant adults in their lives.

The family is recognised as being the unit primarily responsible for the care and protection of the child.

Where families are not providing the care consistent with their obligations or where a child's welfare is at risk, or suspected to be at risk, intervention on behalf of the child is obligatory.

Cooperation with Government Departments and human service organisations in the community is essential in child protection.

People who are involved in situations where abuse occurs or is suspected are treated with sensitivity, dignity and respect.

### POLICY STATEMENT:

St Joseph's School recognises its role in the prevention of child abuse and takes responsibility for implementing child protection practices.

St Joseph's School is committed to:

### **Procedures for dealing with Child Abuse**

#### ***Children's Protection Act:***

By law, all principals, teachers and other school personnel (including volunteers) are obliged to notify CARL if they suspect on reasonable grounds that a child has been or is being abused or neglected.

**Recognition of Abuse:**

'Abuse' refers to sexual, physical, emotional or psychological abuse or neglect.

**Legal Requirements:**

The Law requires school personnel to report reasonable suspicions of abuse. School personnel have reasonable grounds to suspect abuse and to contact CARL when:

- A child tells you he or she has been abused.
- A child tells you he or she knows someone who has been abused.
- Someone else tells you that a child has been abused.
- Your own observations of the child's physical condition and/or behaviour lead them to suspect that the child has been abused.
- Other circumstances lead you to suspect that a child has been abused.

**Notification Procedures:**

To consult and make a notification, phone the Child Abuse Report Line on 131478 as soon as possible.

When making a notification, school personnel must advise:

- The child/young person's name, age and address.
- The reason for suspecting that the injury to, or behaviour of, or the condition of the child/young person is the result of abuse or neglect.
- The notifier's assessment of immediate danger to the child or young person.
- What arrangements, if any, exist for the care and protection of the child/young person.
- What involvement, if any, other agencies have in dealing with the abuse or neglect issues.
- The notifier's description of the injury, the behaviour or condition observed.
- The current whereabouts of the child/young person.
- The onus to notify CARL rests with the person who suspects abuse.

In all cases of sexual abuse, serious physical abuse, or serious neglect, the Police and Department for Child Protection (DCP) consult to determine the respective roles of the two departments.
